

San Miguel County Family & Community Health Council

info.sanmiguelhc@gmail.com
Las Vegas, NM 87701

Vision Statement

Achieve health and wellness through equitable access to health care for all San Miguel County residents.

Mission Statement

To improve the health status of San Miguel County residents through a comprehensive, family-centered, community-based, and socio-cultural approach. The Council will support and advocate for residents by collaborating with and engaging community stakeholders.

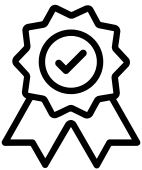

Goals

- To enhance the quality of life through the improvement of the health, welfare, and safety of every resident.
- To improve maternal and child health outcomes.
- To address food insecurity in San Miguel County.
- To improve access to resources and education concerning diabetes and obesity.
- To advocate for quality care for the elderly.
- To reduce interpersonal violence in the community.
- To increase access to medical, mental, and behavioral health care.

Objectives

- Work with NMDOH to identify priorities and concerns affecting San Miguel County to develop initiatives, goals, and solutions to these priorities.
- Improve availability and access to health care resources and services.
- Advocate for the needs of women, infants, children (including those with special health-care needs), adolescents, elderly, and their families (including mothers, fathers, and grandparents).

Successes

San Miguel County Health Council has modeled resiliency in the community through the global COVID-19 pandemic and recent wildfires and flooding by:

- Maintaining ties with community partners who aid in improving the health and wellness in the community.
- Spreading resources throughout the community to assist in recovery efforts.
- Supporting vaccine equity in San Miguel County.
- Continuing Suicide Prevention Outreach in public schools.

Our Priorities

2022 & 2023

- Increase Access to Care
- Environmental and Social Justice
- Suicide Prevention and Awareness
- Recovery from Global COVID-19 Pandemic
- Support Disaster Relief from Regional Wildfires & Flooding
