*MFA provides quality affordable housing to
more than 80,000 New Mexicans every year.*

Housing New Mexico

The **New Mexico Mortgage Finance Authority (MFA)** was created in 1975 by the New Mexico State Legislature to provide quality affordable housing opportunities to New Mexico residents. MFA is one of more than 50 such agencies that serve each state within the United States as well as Puerto Rico and the U.S. Virgin Islands. MFA is governed by a seven-member board that is appointed by the governor. A Legislative Oversight Committee approves its rules and regulations and reviews proposed housing-related legislative initiatives.

MFA receives no state funding for its operating budget. MFA utilizes housing bonds, tax credits and other federal and state resources to fund more than 30 housing programs. Programs include mortgage and down payment assistance for first-time home buyers, construction and rehabilitation of affordable for sale and rental homes, homelessness prevention and emergency shelter, weatherization services, rental assistance and housing for people with special needs. Programs are administered through partnerships with public and private funders, developers, real estate agents, mortgage lenders, not-for-profit housing service providers and local and tribal governments.

MFA provides quality affordable housing to more than 80,000 New Mexicans every year. Since its inception, MFA has helped more than 60,000 families become homeowners, funded the construction or preservation of 17,000 rental units and provided shelter and assistance to almost 170,000 individuals experiencing homelessness.

We are MFA, and we are Housing New Mexico.

RENTAL PROPERTIES

- Affordable Rental Properties
- Subsidized Rental Properties

Since becoming the Section 8 administrator in 2001, MFA has processed more than 75,000 rental vouchers.

1990s

In 1991, MFA opened a small business incubator in its Second Street offices that existed for more than a decade. The incubator provided office space, equipment and technical and administrative assistance to startup nonprofits including the Women's Housing Coalition, the New Mexico Community Development Loan Fund and Albuquerque Care Alliance.

Affordable Rental Properties

Apartment homes and rental properties are called “affordable” when residents are required to meet certain income criteria in order to live in the homes and when rental rates are set at or below the average rate for similar properties in the area. Income criteria and rental rate guidelines are updated every year by the federal government for each county in New Mexico.

The affordable properties listed below are owned and managed by a variety of entities that include housing authorities, non-profit organizations, for-profit companies and private owners. When you call or visit a property, staff will tell you if you meet income criteria and will let you know what their affordable rental rates are. **MFA does not own or manage any affordable rental properties in New Mexico.**

Steps to apply for residency at an affordable rental property:

- 1 Call or visit the property.
- 2 Ask about income qualification, rental rates and availability.
- 3 Request and complete an application. Ask if the application will be reviewed right away or if your application will be added to a waiting list.

PLEASE NOTE: In addition to income requirements, each property will have additional criteria that must be met by potential residents. Information about the number of persons in the household, credit history, rental history and a background check will be required. Additional qualifying information may be required for specific properties.

Subsidized Rental Properties

Apartment homes and rental properties are called “subsidized” when the property owner receives government assistance to help pay a portion of the rent charged. This assistance allows the owner to reduce the amount of rent charged. Rental rates for subsidized rentals do not exceed 30 percent of the household’s income after any qualifying adjustments have been made to its total income.

New Mexico’s subsidized properties include rental homes for families, the elderly and individuals with a mental or physical disability. The property listings on the following pages are coded to indicate the type of subsidized rentals each site offers. Listings that are not coded are family properties.

Apartment homes are owned and managed by a variety of entities that include housing authorities, non-profit organizations, for-profit companies and private owners. When you call or visit a property, staff will explain each type of subsidized rentals and will tell you if you meet income criteria. **MFA does not own or manage any affordable rental properties in New Mexico.**

Steps to apply for residency at a subsidized rental property:

- 1 Call or visit the property.
- 2 Ask about income qualification, rental rates and availability.
- 3 Request and complete an application. Ask if the application will be reviewed right away or if your application will be added to a waiting list.

PLEASE NOTE: Owners may close a property's waiting list if there are a large number of applicants – something that is not unusual for subsidized properties.

In addition to income requirements, each property will have additional criteria that must be met by potential residents. Information about the number of persons in the household, credit history, rental history and a background check will be required. Additional qualifying information may be required for specific properties.

A security deposit – not to exceed an amount equal to monthly rent – will be required at the time a rental agreement is signed. Application and/or screening fees are prohibited.

AFFORDABLE HOUSING ORGANIZATIONS

- Local Housing Authorities, Regional Housing Authorities and Federal Agencies
- Habitat for Humanity
- Developers and Technical Assistance Providers
- Trade Associations

MFA partners with approximately 80 organizations and entities across the state to make affordable housing opportunities available to all New Mexicans.

2000s

MFA's Albuquerque offices are in the former YWCA building, which was built in 1940. In addition to an indoor pool and dance hall, the building was home to young women who worked in Downtown Albuquerque and provided safe overnight shelter for girls and women traveling alone.

HOUSING NEW MEXICO

1975 ★ 2015

Local Housing Authorities, Regional Housing Authorities and Federal Agencies

Local housing authorities exist to create and maintain affordable housing in communities throughout New Mexico. These authorities manage affordable rental housing and rental vouchers, which provide rental subsidies and housing for specialized populations like the elderly or individuals with special needs.

Three **regional housing authorities** operate in areas of the state that do not have adequate local or municipal housing authorities. Like local housing authorities, regional authorities manage affordable rental housing and rental vouchers. They also create new affordable housing programs in designated areas. Both local and regional housing authorities may provide other services such as homebuyer assistance and counseling, home repair and weatherization services.

Federal agencies like USDA Rural Development and the U.S. Department of Housing and Urban Development (HUD) fund affordable housing throughout the state. They also provide support for local housing authorities.

Habitat for Humanity

Habitat for Humanity in New Mexico has 16 affiliate organizations that work with volunteers in communities throughout the state to provide simple, decent homes for low-income families who earn less than 50 percent of the Area Median Income. Over the last 27 years, thousands of volunteers from New Mexico and around the country have contributed more than 2 million volunteer hours to make homeownership a reality for more than 650 families in our state.

MFA has partnered with Habitat since 1992. During that time, MFA has provided funding for 487 of the 650-plus homes Habitat has built in New Mexico for a total of almost \$20 million. More than \$16 million of that funding provided zero-interest mortgages and down payment assistance to Habitat families.
