

## New Mexico Nonprofit Landscape Survey

Your voice is valuable to help support nonprofits in New Mexico!

This survey is for nonprofit and philanthropic organizations in New Mexico. Your input will be used to select strategies to **better support nonprofits** serving New Mexico's communities. You may have seen a similar survey from the United Way of Central New Mexico - the questions are intentionally different. Please respond to both, if possible. This survey will take 10-20 minutes depending on how much you share. The deadline is **Friday, September 14** at 5pm.

Please complete **one survey per organization**. An organizational leader is the best person to respond. You do not have to give your name unless you want to receive a copy of the results. Apex, a New Mexico-based evaluation firm, is managing the survey. Many stakeholders are distributing this survey so your organization may receive multiple emails.

- *Nonprofits:* [Nonprofit Survey Link](#)
- *Funders:* [Funder Survey Link](#)
- *Infrastructure providers:* If your organization supports some part of the nonprofit infrastructure, please contact [a.horner@apexeval.org](mailto:a.horner@apexeval.org) to participate a telephone interview. If you are also a nonprofit, you may complete the nonprofit survey too ([Nonprofit Survey Link](#)).
- If you have technical problems, please contact [a.horner@apexeval.org](mailto:a.horner@apexeval.org).

This survey was developed by a statewide, widely representative steering committee of funders and nonprofits who came together to identify the best ways to strengthen and sustain the nonprofit infrastructure in New Mexico. **Nonprofit infrastructure includes things like training and technical assistance, networking, data and research, nonprofit advocacy, and funding.** We want to hear from as many nonprofits and funders from across the state as possible – to ensure our efforts reflect and support the diversity of New Mexico's nonprofit sector.

Thank you for taking time to help inform next steps for the nonprofit infrastructure in New Mexico!
