

Roosevelt County

Health Council

The **Purpose** of the Roosevelt County Health Council is to serve as a forum linking and networking individuals and agencies for the community to access information and resources.

The **Vision** of the Roosevelt County Health Council is to be a community-based organization facilitating community wellness.

The **Mission** of Roosevelt County Health Council is to help strengthen the network of community partnerships creating the seamless coordination of comprehensive resources and promotion of community wellness.

Health Priorities for 2021-2022

- *Access to Food
- *Obesity Prevention
- *Alcohol and Substance Abuse Prevention
- *CDC Health Equity Grant
- *Health Education
- *Community Health Awareness
- *Building Capacity and Sustainability

Roosevelt County Health Council

The Council was reestablished in 2013. This small group of community partners work hard to make our community healthier. This is done through health assessments and the implementation of proven programs. Our Council supports Community partners with their endeavors and believe that when we help each other we are not duplicating services and maximizing our resources.
